Ensyst recognized as winner for 2014 Microsoft Cloud Excellence Award

SYDNEY, Australia — June 3, 2014 — Ensyst today announced it has won the 2014 Microsoft Cloud Excellence Award. The company was honoured among a global field of top Microsoft Corp. partners for demonstrating excellence in innovation and implementation of customer solutions based on Microsoft technology.

“This is a fantastic achievement,” said Nick Sone, Ensyst General Manager. “Ensyst has been recognised as the leader in delivering solutions leveraging Microsoft cloud platforms. It’s testament to the brilliant and talented people who work at Ensyst and the great customers we work with on a daily basis.”

Awards were presented in multiple categories, with winners chosen from a set of more than 2,800 entrants from 117 different countries worldwide. Ensyst was recognized for providing outstanding solutions and services in Cloud Excellence.

“This year’s award winners were among some of the best and brightest our partner ecosystem has to offer, so it came as no surprise that Ensyst was included in that group as this year’s winner of the 2014 Microsoft Cloud Excellence award,” said Phil Sorgen, corporate vice president, Worldwide Partner Group, Microsoft Corp. “We congratulate Ensyst on this amazing achievement and its continued dedication to providing innovative solutions that drive results for our mutual customers.”

The Microsoft Partner of the Year Awards recognize Microsoft partners that have developed and delivered exceptional Microsoft-based solutions during the past year.

About Ensyst:

Ensyst is a Microsoft-focused company providing award-winning IT professional and managed services and solutions throughout Australia. We help clients across all industries leverage productivity and collaboration technologies to grow their businesses, reduce costs and increase productivity, providing end-to-end solutions across the full Microsoft suite of devices and services.

Established in 2001, Ensyst is a multiple Microsoft Partner of the Year winner with a track record of delivering outstanding and innovative Microsoft solutions.
